

REMARKS

Claims 1-6, 11-17, 19-31, 34-36, 38-39, 41, and 43-45 are pending in this application. Claims 1-6, 11-17, 19-31, 34-36, 38-39, 41, 43-45 are rejected. Review and reconsideration in view of the remarks below are respectfully requested.

Claim Rejection under 35 USC § 112, paragraph 1

In the Action, claims 1, 19, and 29 were listed as being rejected for insufficient antecedent basis for “said crease.” However, Applicant spoke with Examiner Katcoff by telephone on August 18 and the Examiner agreed that there was sufficient antecedent basis for “said crease.”

Claim Rejections under 35 USC § 103(a)

Claims 1-6, 11-17, 19-26, 28-31, 35-36, 39, and 43-45 are rejected under 35 USC § 103(a) as allegedly defining obvious subject matter over U.S. Pat. No. 4,614,450 to Neiman in view of U.S. Pat. No. 5,080,223 to Mitsuyama, and further in view of U.S. Pat. No. 4,345,394 to Sullivan and U.S. Pat. No. 2,333,798 to Kner. Applicant traverses the rejection.

“To establish prima facie obviousness of a claimed invention, all the claim limitations must be taught or suggested by the prior art.” See, M.P.E.P. § 2143.03 (*citing, In re Royka, 490 F.2d 981, 180 USPQ 580 (CCPA 1974)*). Claims 1, 19, and 29 recite, in part, “wherein said at least one card pocket has a crease such that said slit edge is pivotable about said crease.”

The Action asserts concerning claim 9 that Kner (on page 2, column 2, lines 13-22) discloses the slit edge is pivotable about a crease. Applicant respectfully disagrees. The cited excerpt from Kner reads as follows: “The front panel 2 is provided with a substantially centrally disposed arcuate or crescent shaped slot or slit 23 which at its upper edge may be widened as at 24 for finger nail or tip insertion for opening the slit and each of the side flaps 8 and 10 is provided with an opening 25 each adapted fully to register with the other and with slit or slot 23 when the flaps are folded over one another and across the outside face of front panel 2, as shown

in Fig. 1.” Kner does not disclose the slit edge is pivotable about a crease, and Kner’s Figure 2 shows no crease apparent anywhere near slot 23 and widening 24. For this reason Kner does not disclose the recitation which is included in Claims 1, 19, and 29.

At least for these reasons, Claims 1, 19, and 29 are not obvious in view of Neiman, Mitsuyama, Sullivan and Kner. Applicant respectfully requests reconsideration and withdrawal of the obviousness rejection of claims 1, 19, and 29.

Claims 2-6, 11-17, 20-26, 28, 30-31, 35-36, 39, and 43-45 depend from independent claims 1, 19, and 29. As dependent claims of non-obvious independent claims, these claims are also non-obvious. See, M.P.E.P. §2143.03 (*citing, In re Fine, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988)* (“If an independent claim is nonobvious under 35 U.S.C. 103, then any claim depending therefrom is nonobvious.”)). Applicant respectfully requests withdrawal of the obviousness rejection of claims 2-6, 11-17, 20-26, 28, 30-31, 35-36, 39, and 43-45.

Claims 34, 38 and 41 rejected under 35 U.S.C. 103(a) as being unpatentable over Neiman in view of Mitsuyama, Sullivan and Kner as applied above and in further view of U.S. Patent No. 6,652,178 to Walton (Walton). Applicant traverses the rejection. Claims 34, 38, and 41 depend from independent claims 1, 19 and 29. As discussed above, amended claims 1, 19, and 29 are not obvious. Claims 34, 38, and 41 depend from independent claims 1, 19, and 29. As dependent claims of a non-obvious independent claim, these claims are also non-obvious. Applicant respectfully requests withdrawal of the obviousness rejection of claims 34, 38, and 41 over Neiman in view of Mitsuyama, Sullivan, Kner, and Walton.

Claims 1, 19, 29, 34, 38 and 41 are rejected under 35 U.S.C. 103(a) as being unpatentable over Walton in view of Mitsuyama, Sullivan and Kner. Applicant traverses the rejection. As discussed above, amended claims 1, 19, and 29 recite, in part, “wherein said at least one card pocket has a crease such that said slit edge is pivotable about said crease.” Walton, Mitsuyama, Sullivan and Kner fail to teach or suggest such recitations. Therefore amended claims 1, 19, and 29 are not obvious in view of these references. Applicant respectfully requests reconsideration and withdrawal of the obviousness rejection of claims 1, 19, and 29 in view of

Walton, Mitsuyama, Sullivan, and Kner. Claims 34, 38, and 41 depend from independent claims 1, 19, and 29. As dependent claims of a non-obvious independent claim, these claims are also non-obvious. Applicant respectfully requests withdrawal of the obviousness rejection of claims 34, 38, and 41 over Walton in view of Mitsuyama, Sullivan, and Kner.

CONCLUSION

Claims 1-6, 11-17, 19-26, 28-31, 34-36, 38-39, 41, and 43-45 are believed to be in condition for allowance, and an early notice thereof is respectfully requested. Should the Examiner determine that additional issues exist which might be resolved by a telephone conference, they are respectfully invited to contact the Applicant's undersigned representative.
